

Specimen Label

A CONTROLLED RELEASE BRIQUET— PREVENTS ADULT MOSQUITO EMERGENCE (INCLUDING THOSE WHICH MAY TRANSMIT WEST NILE VIRUS)

ACTIVE INGREDIENT:

(S)-Methoprene (CAS #65733-16-6):	2.5%
OTHER INGREDIENTS:	97.5%
TOTAL:	100.0%

The ingredient statement is expressed on a dry weight basis. This product contains residual water—the weight of the briquet and percent by weight of active ingredient will vary with hydration.

KEEP OUT OF REACH OF CHILDREN
CAUTION
See below for additional precautionary statements

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on skin	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.</p>	

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment washwaters or rinsate.

INTRODUCTION

Aquaprene™ Catch Basin Briquets effectively control urban mosquito breeding sites for up to 45 days. The briquet continuously releases the insect growth regulator S-Methoprene in treated water [as the briquet dissolves] to prevent adult mosquito development. Treated larvae develop normally to the pupal stage where they die.

Aquaprene Catch Basin Briquets prevent the emergence of adult mosquitoes, which are known vectors of diseases, and may transmit West Nile Virus.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

APPLICATION DIRECTIONS

Apply **Aquaprene Catch Basin Briquets** to known mosquito breeding sites before, at the beginning or at any time during the mosquito season. **Aquaprene Catch Basin Briquets** are designed to provide extended residual control. Under typical environmental conditions, **Aquaprene Catch Basin Briquets** will control for up to 45 days. Alternate wetting and drying will not reduce briquet effectiveness. For best results, continue treatments on regular intervals throughout the mosquito season. The active ingredient S-Methoprene has no effect on mosquitoes that have reached the pupal or adult stage prior to treatment.

APPLICATION RATES

To control mosquitoes in catch basin sites, place 1 briquet in each basin up to 100 square feet of water surface. For large sites, apply 1 additional briquet for each additional 100 square feet.

APPLICATION SITES

Aquaprene Catch Basin Briquets are designed to control mosquitoes in urban breeding sites. Examples of application sites include: catch basins, curb gutters, underground drainage systems, flooded crypts, transformer vaults, storm drains, storm water retention basins and similar water holding locations that breed mosquitoes. For application sites connected by a water system, i.e., storm drains or catch basins, treat all of the water-holding sites in the system to maximize the efficiency of the treatment program.

For best results in soft bottom sites, suspend briquets in cages using stakes or floats to prevent briquets from sinking into the sediment. Also use cages where the briquet can be removed from the site by flushing action.

Specimen Label**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry place.

PESTICIDE DISPOSAL: Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag. Then dispose of empty bag in trash.
Do not reuse container.

WARRANTY AND CONDITIONS OF SALE

Seller makes no warranty, express or implied, concerning the use and handling of this product other than indicated on the label. To the fullest extent permitted by law, buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.

Always read the label before using this product.
